Welcome to the Highland County Classic Sale

On behalf of our sale staff and consignors, allow us to welcome you to the fifth annual Highland County Classic Bred Female Sale. The cattle programs involved in this sale are some of the most respected and progressive through many different states. These programs have raised many champions including promotion bulls, elite donors and champions in the show ring from local, state and national shows. Our consignors have been in the business for many years and in some cases many generations. Their industry knowledge and passion for this business are second to none. We are excited about the consignments they have brought for this year's sale as many of them dug deep into their herds to bring us the best they had to offer.

If you are serious about the show cattle business then you want to be in Hillsboro, Ohio on Saturday, December 9th. We have worked hard at putting together an elite set of extremely well-bred cattle and are excited to see your evaluation of them.

Please feel free to contact any of the sale staff or consignors to visit about the offering. The consignors have a long track record of satisfied customers. We are happy to assist with your purchasing decisions and we can arrange affordable trucking across the United States. Thank you for taking the time to view the offering and we can't wait to see you in Hillsboro!

Sincerely,
Bricen Hess, Sale Representative

AI: HIA 4/03/2023

Due: 1/10/2024

PE: No Exposure

Pregnancy Check: Confirmed BIOPryn Summer and Fall

I can tell you with absolute certainty that it has never been this hard for me to list an animal for sale as it is this one. Folks she is a triple-clean dollar generator that we are keeping half embryo interest in for a reason! In our 2020 fall sale we sold a Getcha Some to Rodgers Cattle Company, Iowa for \$13,500 and last year's HIA heifer brought \$6,000 in our Spring pasture sale. Her steers are studs and her heifers excel as I have kept a couple back over the years that have been positive producers. Her book value gets even higher being 9.3% Chianina; let's get together here and capitalize!

Seller is retaining 1/2 embryo interest.

Pregnancy Check: Confirmed BIOPryn Summer and Fall

Two things stood out this past sale season ... 1.) D80 females rose to the top in terms of quality and price commanded and 2.) the Maine Angus division is heating up!! Tie in here for a chance for a D80 calf that positions her buyer to look very smart, very soon! We have sim-influenced replacements to this one in our herd, but something tells me I should have bred her this way before now. Study the bone work and foot shape on this unit-it is beyond impressive, couple that with a neck that is a country mile long and it is hard not to get excited!

Due: 12/18/2023

We have appreciated these Nightwatch females over the last few years as they are consistent producers of quality and raise a solid calf every year. This past year 775H raised a Wynne In Doubt that was selected by Chase Snyder that went on to be the Reserve Champion Feeder Calf in the Junior Show at Stark County. I'm much more excited about this HIA mating, should be a quick return on your investment!

Maternal Sib to Lot 6

Study the build on this one and you will no doubt have her number circled on the sale order. When we bought PHF/DC King George a few years back we were excited to use him to add some Angus back into some of our clubby cows, 505J is a perfect example of what we had envisioned. Her mother produced the division five Crossbred champ at the Ohio Beef Expo a few years back. She is rope-necked, deep bodied and longed hiped. Calve out this HIA to get her paid for, then breed for a half-blood Simmy or Maine heifer and hold on!

Pregnancy Check: Confirmed BIOPryn

A 3/4 blood Simmental that is a direct daughter of 21Z! Even though 21Z is known as the dam to our 2018 National Western Grand Champion Prospect Steer for the Pratt family we wish we would have utilized her more for females than males. The build in these females is incredible and an opportunity to own one carrying a calf that can be dual-registered is not something you will want to pass on!

 AI: May We All Due: 1/5/2024
 PE: Data Bank son 4/15/2023 - 6/1/2023
 Pregnancy Check: Safe AI per Ultrasound

Ms. Maggie is one we like a lot and is stacked with maternal genetics. Brilliance is a name that is associated with high quality, then you add a shot of Daddy's Money and Steel Force in the mix and you're onto something! It will be hard to miss this good looking, sappy bellied one on sale day. We continue to stress the importance of functionally built livestock and this is a prime example of what they look like. Brilliance cows make awesome mothers and I can only imagine how intriguing her May We All calf will be.

22 TPSC *Ms. Style*

DOB: 3/7/2022 Offered by: Parry Show Cattle
 Bred Heifer
 Registration: Crossbred

 AI: May We All Due: 1/5/2024
 PE: Data Bank son 4/15/2023 - 6/1/2023
 Pregnancy Check: Safe AI per Ultrasound

Ms. Style is just good cattle all day long. Backed by GCC genetics at their finest such as Whiskey, Whizard, Patton, and Style. We really like this heifer and think she screams cow power. Her mother was the dam of the promotional bull we sold to Grauer and Egbert "I Am Free." This heifer is so soft made and big bodied that she will go on to generate for her new owner for years to come. This one truly has power in the blood and is mated perfectly to May We All.

23 TPSC *Ms. All Right All Ready*

DOB: 1/15/2017 Offered by: Parry Show Cattle

 AI: Wynne In Doubt Due: 1/6/2024
 PE: Data Bank son 4/15/2023 - 6/1/2023
 Pregnancy Check: Safe AI per Ultrasound

Here is unique opportunity to own a direct daughter out of the great GCC All Right All Ready who was a past American Royal and NAILE Supreme Champion Female and considered by many to be the best Irish Whiskey daughter of all time. This female is an absolute beast and transmits that extra cool look to her calves. Two daughters by Class on Class have sold for premiums with one successfully campaigned by Grace Schrader in Indiana. We think she is perfectly mated to Wynne In Doubt and can't wait for this one to hit the ground. This one never has been flushed but definitely needs to be and I would recommend Class on Class for a quick return.

We lost Mandate this summer and there isn't going to be many born next year, so I would take advantage if you like this breeding on some of these breds we're consigning this year. I shouldn't be selling this one because she's out of a really nice, clean cow, and has the mass and structure to end up in someone's donor pen someday. This one will work on just about any steer bull out there.

DONOR prospect straight off finishing her show career as Champion Sr Yearling in the Open and Jr show at the American Royal and Reserve Chiangus female at the 2023 Ohio State Fair! Parting with this female will be extremely hard but we made a promise to offer the best we could and with Emma heading to college we decided to offer her for your evaluation. HF Diamond Queen was campaigned by Coor Cattle and Emma Grafft for two years. She won or was reserve division Chiangus in almost every show she went to. The amount of natural muscle, hip size and mass on top of a set

of running gears that is near flawless puts this female in the front pasture and has so many options to flush and breed. You can go clubby and make great steers or stay maternal and raise elite females. Her natural calf will be able to be dual registered: 1/2 blood Simmental and Chi for plenty of options to get a quick return on investment. She would also qualify for BBS as well. Seller retains 1 flush with a min 6 eggs at sellers expense and buyers convenience.
