

## Road construction impacting UPI- Bucyrus

U.S. Route 30 bridge replacement – U.S. 30 at the east and west bridges over the Norfolk Southern Railroad, just west of SR 98, will be reduced to one lane of traffic in each direction for a bridge replacement project. Estimated completion: August 2027

### **CONTINUING IMPACTS**

- Crews continue median crossover construction and shoulder reconstruction work for the bridge replacement project.
- One 11' lane of traffic in each direction will be maintained with barrels.

### **UPCOMING IMPACTS**

- The ramp from eastbound US 30 to SR 98 will close on May 20th for 120 days for a Bridge Rehabilitation project over the Norfolk Southern Railroad. The detour for traffic will be to continue on US 30 eastbound to CR 330 exit, turn left onto CR 330, head east on CR 330 to the entrance ramp to US 30 westbound, head west on US 30 to the SR 98 exit ramp.
- The SR 4 entrance ramp to U.S. 30 eastbound will close Monday, May 11, 2026, for 188 days for the reconstruction of the eastbound side of the U.S. 30 bridge over the Norfolk Southern Railroad. The detour will be to take SR 4 south to SR 98 north to U.S. 30 east. Estimated completion: Sunday, November 15, 2026
